

OUR SCHOOLS

St George's Anglican Grammar School

“ We have a reputation for academic excellence at St George's Anglican Grammar School; however our focus is much broader than outstanding results. We aim to provide each student with the values, skills and knowledge necessary to achieve their potential beyond the classroom walls. Our 2015 graduates not only achieved excellent results in their final examinations, but also graduated as young men and women of fine character with a sense of social justice and a desire to contribute meaningfully to society. ”

Rensché Diggeden

Principal, St George's Anglican Grammar School

St George's Anglican Grammar School (SGAGS), in the heart of the Perth Central Business District, serves as the city campus for ASC International.

LOCATION

St George's is located at 50 William Street, Perth. Our central location makes travel to and from school direct and convenient from most suburbs across the broader metropolitan region, whether by train, bus or car. Students travelling by train to the Perth Underground Train Station have a short 300m walk to the School, with no streets to cross.

FACILITIES AND RESOURCES

The school spans six floors of learning spaces including classrooms, laboratories, library, music and drama, fitness centre and rooftop area. Our unique location enables us to offer a dynamic and educational experience that extends beyond the traditional classroom walls.

INNOVATIVE CURRICULUM AND CO-CURRICULAR ACTIVITIES

St George's makes full use of the nearby City of Perth Library, performing arts venues such as the State Theatre of Western Australia and the picturesque Swan River. We hold our Chapel Services in the magnificent St George's Cathedral, which is a revered landmark in the Perth City.
